Bill Pelton406-671-5100
Live internet bidding is available through CattleUSA.com or you may contact Kim and Kale Krestchman, the auctioneer or sale representatives prior to the sale.

TERMS AND CONDITIONS

Cattle will sell under the Standard Terms and Conditions as recommended by the American Angus Association.

RETAINED INTEREST

Rafter T Angus will be retaining a one-third revenue sharing interest in every bull selling in the sale. Full possession and salvage value sells on all bulls.

SUPPLEMENTAL INFORMATION

A supplement data sheet will be available sale day with scrotal measurements, ultrasound data and other updates. Announcements from the auction block take precedence over catalog information.

SALE LOCATION

Buffalo Livestock Auction
44 T W Rd
Buffalo, WY 82834

SALE DAY SCHEDULE

9:00 AMBulls on Display
11:30 AMFree Lunch
1:00 PMSale Begins

LIABILITY

All persons who attend the sale do so at their own risk. Rafter T Angus and Buffalo Livestock Auction assumes no liability, legal or otherwise, for any accidents which may occur.

ACCOMMODATIONS

Hampton Inn, Buffalo307-684-8899
Comfort Inn, Buffalo307-684-9564

TRUCKING

Delivery of all bulls is free of charge in Wyoming and adjoining states. Delivery of bulls will begin around April 1st.

INSURANCE

Bill Pelton, Stockmens Ins. Agency406-671-5100
We strongly encourage our buyers to purchase insurance on their bulls against death or injury. We cannot guarantee them against an act of God or sickness that develops while he is in your control. We do guarantee our cattle to be healthy sale day and when their arrive to your ranch. We recommend Bill Pelton, but he will not be available sale day, you may contact him at your convenience and set-up a policy per your request.

WINTERING

All bulls will be wintered free of charge until April 1, 2020 at our ranch in Gillette, WY. If you choose to leave your bulls past April 1st feeding arrangements can be made at the buyer's expense.

HERD HEALTH

All cattle sell with proper health papers for interstate shipment. A rigid herd health program is followed. All cattle have been calf hood vaccinated with 7-way Somnus at branding and at weaning along with IBR, BVD, BRSV, Pasturella and a Dectomax Pour On.

FERTILITY

The bulls will be fertility tested by a licensed veterinarians, Drs. Jay and Brandi Hudson, prior to delivery.

FIRST BREEDING SEASON GUARANTEE

Rafter T Angus guarantees bull(s) which sell for \$3,000 or more for their first breeding season (60 days from turn out) provided the bull(s) are managed properly and are kept in acceptable nutritional and physical health. Upon delivery Rafter T Angus guarantees the bull(s) are sound and fertile. Should death or injury occur to the bull(s) it should be documented and verified by a licensed DVM. Rafter T Angus will either give credit to the buyer or replace injured bull(s) at their discretion, if a comparable bull(s) is available.

CALVING EASE RECOMMENDATION

Throughout the catalog we have selected bulls we feel are definite calving ease and should be considered to use on heifers. These notes can be found in the footnote section of the lot boxes. This suggestion is based on a number of factors including pedigree, birth weight and our knowledge of the sire and dam. All buyers should take into account their own program when considering these recommendations. Please talk to us prior to the sale if you have any questions.

Greetings Cattlemen!

On behalf of the entire Rafter T Angus family we personally invite all of our past, present, and future customers to our annual production bull sale. This year has been a grass phenomenon due to the amazing moisture our valley has received. We are super excited to have such an outstanding calf crop to be offering. This year our calves are sired by sires that we have used in the past that are rock solid, and some new sires that we are beyond impressed with. We feel that these new sires will add extreme new levels of performance and ravishing levels of optimism in our future young cows.

Last spring and summer we were blessed with extreme weather, rainfall and hay production like our family hasn't seen in over 65 years. Raising functional Angus cattle that can thrive in both extremes of drought and plunder is a goal we strive for. As a whole, the Angus breed has a lot of progressive genetics to choose from. We don't chase trendy pedigrees. We use AI and a growing ET program to help us stay focused on pedigrees with functional traits. Knowing that our customers are some of the very best managers in the business we are obligated to offer you the very best we have.

As calves, these bulls aren't given any special treatment, they are not creep fed. After we wean, they are fed a high fiber pellet along with willow creek wheat hay. We have worked very closely with our nutritionist to develop properly conditioned and highly fertile bulls. On this complete dry ration the bulls should grow and not get fat. We want to sell you bulls with longevity, allowing you to utilize your herd sire for years.

Prior to the sale, the bulls will all be carcass ultrasounded. That data will be available shortly before the sale. Before delivery they will be given a complete breeding soundness exam by Drs. Jay and Brandi Hudson.

We offer our personal guarantee with these bulls. Not just at sale time, but also when the bulls are at home working in your pastures. We stand behind every bull that leaves our ranch for one breeding season. If for some reason you are not satisfied with your purchase during the first breeding season, we want to be the first to know. The bulls will be wintered free of charge and we will deliver them to you sometime around April 1, 2020.

If you're in the area before the sale please stop by to look at the bulls. They're videos will also be available on our website, www.raftertangus.com.

Thanks for taking the time to consider our program. We greatly appreciate your confidence in our program and look forward to visiting with you on sale day.

FROM OUR VETERINARIAN TEAM «

Fertility is a priority to Rafter T Angus. They understand bred cows correlate to profitability. Their emphasis on reproduction is evident in both the management of their maternal herd and developing bulls. Kale and Kim select their superior females as embryo donors, incorporating IVF and conventional embryonic technology into their program to provide you with their most ideal progeny. Any animal that doesn't fit Kale and Kim's stringent standard is culled. There is no negotiation. Their bull calves are fed and managed in a way to protect their organ function and longevity. They don't just guarantee their bulls, they actually make sure they pass a fertility test before releasing them to you. Rafter T Angus is in an unrelenting pursuit for the optimal cow and bull designed for Wyoming's tough environment. You can rest assured Kale and Kim are providing you with their best product yet.

- Drs. Jay and Brandi Hudson, Lazy H Large Animal Services, LLC

BULL FEED RATION «

Rafter T Angus Bull feed is a customized protein and nutrient dense pellet designed to develop superior frame and muscling while building strong feet and legs. The feed contains accelerated levels of vitamin and organic trace mineral fortification targeting enhanced fertility, immunity and bone/joint development in fast maturing Rafter T Bulls. Our focus is to optimize nutrition to prevent over conditioning that leads to bulls 'falling apart' on grass. The overall feeding concept at Rafter T is to grow solid performance driven bulls at peak genetic capacity and deliver them to your door ready to go to work in any conditions.
